With the use of our elite and premium exotic animals to captivate the attention of children and adults and to illustrate any message being conveyed, our professional speakers will teach the students:

Why bullying is unacceptable.

Why we are responsible for our own actions.

How we can prevent ourselves from being bullied.

Offered in 60 and 90 minutes sessions Animal Adventures Anti-Bullying Campaign is quickly becoming the number 1 bully-prevention seminar in Massachusetts.

New statistics show that 75% of students are subjected to harassment or bullying, and 8% of students admit to missing at least one day of class per month because of a bully. Man & Beast Motivators uses a completely different presentation style to show why people bully, assessing the causality of bullying, and how to avoid being bullied.
